- Sizes: 24-35

KIDDO
Code WK1

£22.50

THE GUMLEAF BENEFIT

Our wellington boots are handmade in Europe from natural rubber. We pride ourselves on making the clothing that we want to wear: practical, comfortable, hard-wearing and good-looking. All Gumleaf clothing is field tested by us at Hall Farm before going into production.

- Uniquely, our boots have a stitched-in neoprene footbed to prevent the sole slipping and balling with wear
- Air-cushioning under the heel allows a full day's walking in comfort
- Our neoprene linings are a full 4mm thick to provide all-day warmth
- All seams are reinforced
- Our non-slip sole has a deep tread for maximum grip and sheds mud
- Natural rubber, unlike plastic, is oil resistant and able to withstand extremes of temperature and offers the very best grip
- Our "true sizing" means that you can order for your foot size not the next size up – we allow room for thick socks
